

It's a FACT...EnDyn is the best thing that ever happened to the Superior[®] and Ajax[®] aftermarket industry.

When Energy Dynamics, Ltd. was founded in 1977 by former employees of White Superior Division and Cooper Energy Services, the goal was to furnish quality PowerParts[®] and service at a competitive price with prompt delivery. Today, that goal still remains. Without the existence of EnDyn and this ongoing commitment, no competition would exist in the marketplace. So, you can see, EnDyn affects your business in a positive way even if you have not yet started buying from us.

FACT: For nearly 25 years, EnDyn has been the industry's one-stop source for all Ajax[®] and Superior[®] engine/compressor PowerParts[®] and service requirements.

FACT: Since our inception, we have had the best, most stable pricing structure in the industry.

FACT: EnDyn maintains the largest, deepest, centralized inventory of PowerParts[®] in the industry assuring you with the ultimate in response and delivery.

FACT: EnDyn continues to provide the best warranty in the industry...2-years!

FACT: EnDyn customers enjoy the best technical and engineering support and customer training in the industry...at no charge.

EnDyn remains committed to the market and is stronger than ever.
